

# Rack & Shelf Labels

With protective overlamine

- Identify warehouse locations with effective color coded labels for accurate visual reference and optimum efficiency.
- Identify Rows, Bays, and Aisles with your preferred design scheme.
- Eliminate confusion and ensure effective and efficient identification when pulling or placing stock.
- Install once and enjoy the durability of labels that will perform through extended use and abuse.

## FEATURES

- Protective overlamine provides protection from scuffing and abrasion for years of dependable service.

### Conforms to Industry Standards:

MIL-DTL-15024F

ISO 15416

ANSI-X3.182-1990

RoHS, WEEE, REACH

as well as other applicable standards.

## BARCODES

- Data scheme can be structured as you require, conforming to your organizational methods.
- Variable data can be generated from any sequence you specify or in the case of complex or random data you may provide an electronic data file.
- Our rigorous Quality Management System and robust data management services ensure data integrity and complete delivery.

## MATERIALS

- Premium Vinyl, Polyester and other materials in a variety of thicknesses.
- Virtually any custom size can be produced to accommodate single, two-bay, four-bay, six-bay and larger racking systems.
- Backed with premium permanent pressure sensitive adhesive to adhere to a variety of surfaces including bare metal or painted racking. Also available with magnetic backing if desired.
- Available with rigid placard backing for stand-off mounting or with magnetic backing for convenient re-positioning.
