

Metalized Polyester Barcode Labels

Digitally printed

- The lustrous appearance of a metal surface in an economical polyester label.
- Multi-purpose label that provides good performance in environments where abuse is light to moderate.
- Crisp and precise graphic images and excellent readability.
- Aggressively bonds to a variety of surfaces with premium 3M® brand adhesive backing.
- Recommended primarily for indoor use.

FEATURES

- Extremely fine resolution of high density barcodes and detailed logos and graphics.
- Labels feature good durability in moderately harsh environments.

Conforms to Industry Standards:

MIL-DTL-19834C
MIL-DTL-15024F
ISO 15416
ANSI-X3.182-1990
RoHS, WEEE, REACH
as well as other applicable standards.

BARCODES

- Any barcode symbology may be utilized, including linear or two-dimensional codes. Multiple barcodes and multiple symbologies can be included on a each part.
- Variable data can be generated from any sequence you specify or in the case of complex or random data you may provide an electronic data file.
- Our rigorous Quality Management System and robust data management services ensure data integrity and complete delivery.

MATERIALS

- Matte silver finish with clear protective polyester over-laminate.
- .003" thick with .001" adhesive backing and .001" polyester over-laminate.
- Multi-purpose 3M® adhesive that bonds well to a variety of surfaces.
